Parent's Press 2019:
Best After School
Enrichment Program

Bay Area Parent 2019:
Best Science
Support Program

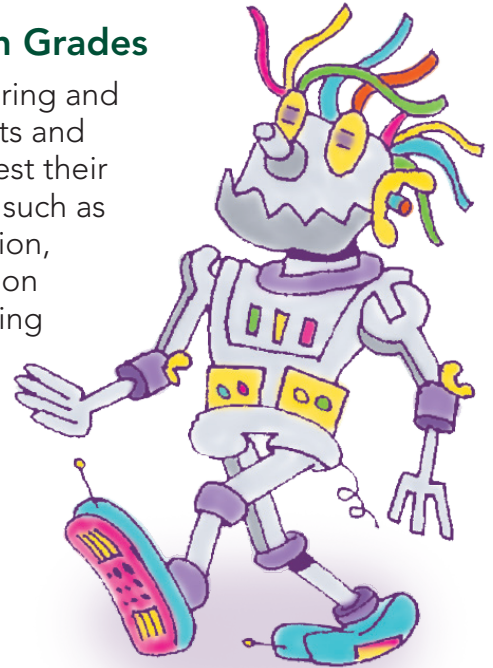

TOYOLOGY: SCIENCE THROUGH TOYS

Morello Park Elementary After-School Science Program: K-5th Grades

We are hands-on with science in these engineering and physics based classes as each student constructs and decorates a new toy each week. Students will test their toys in class and at home to illustrate concepts such as wiring and circuits, gravity, energy, friction, motion, sound, inertia, and electricity. Toys this fall session two will include our Bounce Back Robot, Hovering Hawk, Ping Pong Ball Launcher, and lots more!

Each student will make and take home:

- Electric Ring Toss Game
- Twirling Tube Car
- Bounce Back Robot
- Solar Powered Mini Tin Can Robot
- And more . . .

Session II

When: Fridays – Nov. 8, 15, 22; Dec. 6, 13
(No class Nov. 29)

Time: 2:45pm – 3:45pm

Where: MUR

Fee: \$145 for 5 classes
(Fee includes all materials)

Fall 2019-20
All New Projects!

Registration is open to AM kindergarten students and 1st through 5th graders. Unfortunately we are unable to accept registration for PM kindergarten students unless a parent is able to bring them to the MUR after dismissal. To register visit <https://www.homerom.com/sites/morello-park-elementary-school-martinez>

ABOUT SARAH'S SCIENCE

Sarah's Science was founded in 1987 by Sarah Shaffer to provide a unique and exciting approach to learning about the wonderful world of science and nature.

Our philosophy is that children learn best by doing. All of our programs feature hands-on projects built by each child to engage and delight them while making it easy to understand even complex science concepts. Our programs include camps during most school breaks (Summer, Spring, Winter, and Thanksgiving Break) as well as Saturday and evening workshops throughout the year.

We're looking forward to bringing our after school enrichment program to your school this semester!
