# TOYOLOGY: SCIENCE THROUGH TOYS

## St. Perpetua School After-School Science Program: TK–4th Grades

In these exciting hands-on science classes we will build a variety of toys and use them to demonstrate major scientific concepts such as energy, electricity, light, gravity, motion, friction, magnetism and simple machines. Each student will construct and take home a science toy in every class. The classes will be taught by our award-winning staff.

Each student will make and take home:

- Motorized Rotating Robot
- Wind Powered Pulley
- Static Charged Spaceship
- Solar Powered Merry-Go-Round
- And more . . .

Parent's Press 2018:  
Best After School  
Enrichment Program

Bay Area Parent 2018:  
Best Science  
Support Program
